THE BMW X5 M COMPETITION

■ Standard equipment □ Optional equipment

■ The X5 M Competition offers an increase in driving dynamics and a powerful, particularly emotional engine sound thanks to increased engine performance and M Sport exhaust system with black twin tailpipes. Distinctive exterior details in Black, the exclusive 21"/22" M light alloy wheels and the full leather trim in leather 'Merino' underline the sporty character.

□ In laser high-beam mode, BMW Laserlight in a unique X design illuminates a range of up to 500 m, nearly twice as far as that of conventional headlights. Better visibility in the dark significantly increases safety. The blue X signature and the "BMW Laser" lettering underline the vehicle's technological standards.

■ The latest version of the high-performance BMW M TwinPower Turbo 8-cylinder petrol engine guarantees performance in keeping with the latest standards. The high-revving unit develops an output of 460 kW (625 hp). The two turbochargers stand out thanks to their cross-cylinder bank exhaust manifold with optimum response characteristics. The V8 engine is also designed for extreme loads on the race track.

■ The centre console is equipped with a Competition Badge¹, which emphasises the especially high performance of the X5 M Competition.

■ The M seat belts, *with belt tensioner and belt force limiter boost an exquisite stitched highlight in the classic M colours.

■ The M Multifunctional seats for the driver and front passenger in exclusive design and with illuminated X5 M logo on the headrest reflect the vehicle's athletic look. Lower seat bases and high side bolsters emphasize the shell-seat look and guarantee flawless lateral support. Accompanied by a comprehensive range of adjustment possibilities, maximum comfort is achieved.

■ BMW M xDrive with Active M differential guarantees maximum traction and driving dynamics for everyday driving, as well as at the racetrack. The M specific technology combines the typical agility of a rear-wheel drive with the control of an all-wheel drive. You can choose between the two drive variants 4WD and 4WD Sport.

■ Thanks to the use of various materials, M Compound brakes achieve outstanding deceleration values and are extremely stable and highly durable. They also weigh less, which has a positive impact on agility, dynamics and acceleration. The Blue metallic brake callipers with the M designation are the hallmark of these high-performance M specific brakes.

■ The black X5 M Competition designation on the rear is an indication of the vehicle's extraordinarily high driving dynamic potential.

■ You and your front passenger are welcomed by front door sill finishers with the "X5 M Competition" designation¹ as soon as you get in. The designation on the inserts in Black in the door sill finishers in the front on the left and right radiates quality and exclusivity.

□ 21"/22" M light alloy wheels Star-spoke style 809 M Bicolour Black with mixed tyres, gloss-lathed, front 10.5J x 21 with 295/35 R21 tyres, rear 11.5J x 22 with 315/30 R22 tyres.²
